Northeastern Resident Office

SUBJECT: Contract No. W912DR-04-C-0012, Flood Protection Projects, Plot & Green Ridge Sections, Contract I, Closure Structures & MSE Walls, Scranton, Pennsylvania

Letter No. 58 - Letter of Reference

Kalimex, Inc.
1300 Stagecoach Road
Ocean View, New Jersey 08230

To Whom It May Concern:

Kalimex is presently performing work for the Northeastern Resident Office of the U.S. Army Corps of Engineers under the above referenced contract. This contract is one phase of the overall construction for the City of Scranton flood protection project. The work consists of the fabrication and installation of three roller flood gates and a construction of a mechanically stabilized earth wall/levee at the existing Shawnee Avenue sanitary pump station.

Kalimex has employed an excellent supervision and employee team to manage the construction under this contract; the results of which are very evident by the quality of the workmanship, the attention to the accommodate the customer and the public during construction, their ability to adjust their schedule for various conditions and complete the work ahead of schedule. The final inspection for the referenced contract was conducted on September 1, 2005, which is ahead of their original September 16, 2005 construction completion date.

Should you have any questions regarding the above information or any other aspects of the contractor's performance, please feel free to contact my Project Engineer, Mr. Alfred Zamoski at (570) 383-2934.

Sincerely,

A handwritten signature in black ink that reads "J.P. Moore".

VIA FACSIMILE

Ms. Liz O'Brien
Kalimex Inc.
1300 Stagecoach Road
Ocean View, NJ. 08230-1334

Dear Ms. O'Brien:

This letter is to show our appreciation for your outstanding work in conjunction with the Hurricane Isabel repairs beginning last November 2003 for the interior renovation of Buildings 3 and 32 at Cape Hatteras, Buxton, NC; along with many contracts performed for roof repairs at TRACEN Cape May, NJ.

You have performed excellent work for all these projects. Since you were the prime contractor, we were assured that your involvement with managing your subcontractors would be of the utmost importance.

The supervision, management team and quality control program contributed to the timely completion and overall satisfaction of the Coast Guard.

Your firm consistently displayed capable project management, effective quality control and dedication to the project. Your team worked effectively with our personnel to quickly identify and resolve potential discrepancies.

Our thanks is extended to the diligent efforts of Ms. Liz O'Brien and Mr. Kevin O'Brien, along with Ms. Anne O'Brien and the office staff and all the workers in the field, performing the actual construction to make our projects successful within the very challenging time constraints.

We would further recommend Kalimex without reservation for future federal projects. Your firm demonstrates the experience and skill to effectively and efficiently perform federal construction contracts.

Again, Thanks for a job "Well Done"!!!

Sincerely,

AUDREY L. OVERHOLT
Contracting Officer
